International Museum Day

This month the highlight goes to the International Museum Day commemorations on May 18th. As in previous years, the event is celebrated, around the World. This year it will focus on “Museums for Social Harmony” as decided by the Advisory Committee of the International Council of Museums (ICOM). Since 1977, the International Museum Day aims to provide the opportunity for museum professionals to meet the public and alert them to the challenges that museums face. It also aims to encourage and raise the publics’ awareness to recognize its cultural heritage and work produced in “an institution in the service of society and of its development” (as defined by ICOM).

Thus, once again, the different museums of the Region will welcome exciting and related activities to celebrate this special.
