"EXPOSIÇÃO PROLONGADA À LUZ"

Light. Time. Matter. Movement. Fixity. Memory. Obsolescence. These are some of the key-words within the exhibition "EXPOSIÇÃO PROLONGADA À LUZ", a collective display by the Madeiran plastic artists, Carlos Valente, Vítor Magalhães and Hugo Olim, conceived from a set of words that introduce paths of display structuring the experience of perception.

Exposing yourself to the light involves risks, but also enables a possible feeling associated to the phenomenon itself, image, matter, memory and ultimately, to time fragments that transform the very idea of time.

To be visited from November 5th to December 15th at the Contemporary Art Museum of Funchal.

“Memória do Efêmero”

The transverse theme facing the interpretations of five experts from five different areas: Nuno Crespo, critic of art and lecturer, Isabel Santa Clara and Idalina Sardinha, lecturers of Madeira University, António Cerqueira Pinto, artist and writer, and the architect Paulo David.

A debate on the Memory of the Ephemeral as being a distinctive element of collective memory, associated to the art, to the apprehension of the look and to memory records.

Five different approaches, based on different experiences all with the same purpose, to interpret and explain a concept of difficult agreement, in which everyone's look observes and registers differently.

How to make the ephemeral last?

OPERA «O SALTO, ÓPERA REWIND»

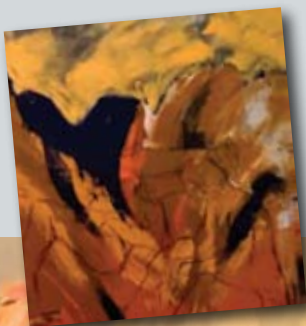

There is no plot. Or rather, there are many. George and Diana, are completely unaware of the world: he is deeply in love with her and she deeply in love with his words, which she keeps on wanting to hear. Jean Baptiste uncovers Jazzmyn's betrayals; they let their son die in the bathtub while they argue.

In a hallway, four experts discuss the universe as if they were speaking about trifles, in an attempt to avoid a confrontation with themselves. In the pool, two friends who haven't seen each other for a long time; one, eventually will challenge the other to jump into the sea. The sea, the choirs, serene, mysterious, violent, omnipresent.

The Fire, superior and ironic on man's small mindedness. The woman in the background is you; the man, is he God? Finally, when we die, we go from being individuals to collective entities such as: land, sea, tarry, dust, salt, fire and spirits. Then it starts all over again."
