MADEIRA ORGAN FESTIVAL

In October takes-off the first edition of the Madeira Organ Festival, an event within the new Madeira Cultural Festivals project-brand, which intends to firstly, strengthen itself in the region's annual cultural programme, followed by a national and international affirmation.

The festival is promoted by the Regional Secretariat for Education and Culture/ Department of Cultural Affairs and results of a vast restoration work carried out for some years, in the existing historical organs of the churches part of the Diocese of Funchal, but also from the success achieved with the Opening Cycle of Concerts of the Magnificent Organ of the Church of São João Evangelista (Colégio), in 2009.

From the 15th to the 24th of October it's possible to attend and enjoy daily and free admission concerts, with diversified repertoires, in Funchal, Machico, Porto da Cruz and Ponta do Sol.

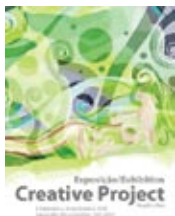

The festival is artistically directed by João Vaz.

CENTENARY OF PORTUGUESE REPUBLIC

October 5th marks 100 years over the establishment of the Portuguese Republic. An event of deep symbolism, in which are recalled the reasons and goals of the implementation of this new political regime, where the aspirations and search for a more fair and egalitarian country have left behind a destroyed and outdated monarchy.

October 5th - 1910, AML-AF

Multiple celebrations are scheduled throughout the country in order to commemorate this date. Officially, and by appointment of the Portuguese President, was created a National Commission to ensure the democratic and unanimous realization of a diversified and multidisciplinary programme.

The Autonomous Region of Madeira will welcome several initiatives such as exhibitions and conferences, among which, stands out the project of the Study Centre of Atlantic History: "The Portuguese Republic and the Republicans in Madeira: 1880-1926". This event includes a seminar on the subject and is divided in five different areas of intervention: Policy and Institutions, Economics, Society and Daily life, Culture, Arts and Heritage, and History of Science and Technology.
